

IV. ENVIRONMENTAL IMPACT ANALYSIS

This section addresses the potential impacts of the Proposed Project on:

- IV.A Aesthetics and Visual Resources
 - IV.A.1 Aesthetics and Views
 - IV.A.2 Shading
 - IV.A.3 Light and Glare
- IV.B Air Quality
 - IV.B.1 Air Quality
 - IV.B.2 Global Climate Change
- IV.C Biological Resources
- IV.D Cultural Resources
 - IV.D.1 Paleontological Resources
 - IV.D.2 Archaeological Resources
 - IV.D.3 Historical Resources
- IV.E Geology
- IV.F Hazards
- IV.G Surface Water Hydrology and Water Quality
- IV.H Land Use
- IV.I Noise
- IV.J Public Services
 - IV.J.1 Police Protection
 - IV.J.2 Fire Protection and Emergency Medical Services
 - IV.J.3 Recreation and Parks
- IV.K Transportation
- IV.L Public Utilities
 - IV.L.1 Water Supply
 - IV.L.2 Wastewater
 - IV.L.3 Solid Waste
 - IV.L.4 Energy

An introduction and discussion of existing conditions, regulatory framework, methodology, environmental impact analysis, mitigation measures, unavoidable significant impacts, and cumulative impacts is provided for each environmental topic.

Impacts determined not to be significant are addressed in this Environmental Impact Report under **Section VII, Effects Found Not to be Significant**, and have been omitted from the **Environmental Impact Analysis** section of this report.
